Name(s):_____

Map out the form of your pop song.

Section Descriptions

Section Name	Location	Description
Intro	Beginning of the song	Chord progression comes from the verse or chorus.
Verse	Repeated section	Has new words every repetition. Sometimes tells a story.
Pre-chorus	(optional) Before the chorus	Has the same words every repetition.
Chorus	Repeated section	Has the same words every repetition and often includes the title of the song in the lyrics.
Bridge	Non-repeated towards the end	Uses a different chord progression from verse and chorus. Sometimes includes an instrumental solo.
Ending	End of the song	Chord progression comes from the verse or chorus. Ending types: Crescendo, fade out, stop, tag, hit and hold.

Section Layout

Layout the song by identifying the order, structure, and texture of each section.

Sequence Number	Name of Section	Number of Phrases	Texture
